\*A large majority of our children are associated with sporting clubs in our area e.g. Saracens Rugby Club, Conway Tennis Club, Winchmore Hill Cricket and Football (40 children).

Our year 6 children attended an outbound week at Manor Adventure in Shropshire last March, the children are allowed to try a variety of different sports like archery, abseiling, volleyball, fencing and many more. It was very interesting to hear their views and opinions and all the positive feedback they had to say when they came home.

“I loved the bow and arrow because it was exciting and I had never tried this before”,

“It was brilliant trying all the different sports, usually we only play football which I don’t like, I am going to join a fencing club soon”.
