

Year 3 Home Learning week beg 11th May 2020

Please find below a list of activities that we would like you to complete this week. Please do not try to do all of these activities in one day; spread them out over the week so that you are doing some school related work throughout each day as if you were in school.

RE – As you know, May is the month where we honour Mary, Mother of Jesus! During the month of May we pray a special prayer called the Rosary. The Rosary is made up lots of prayers including the Apostles' Creed (that we say in church when we proclaim our faith), the Our Father, the Hail Mary and the Glory Be.

See if you can learn the 'Glory Be' prayer off by heart as it is a special part of the Rosary. The words are:

Glory be to the Father, and to the Son, and to the Holy Spirit, as it was in the beginning, is now and ever shall be, world without end Amen.

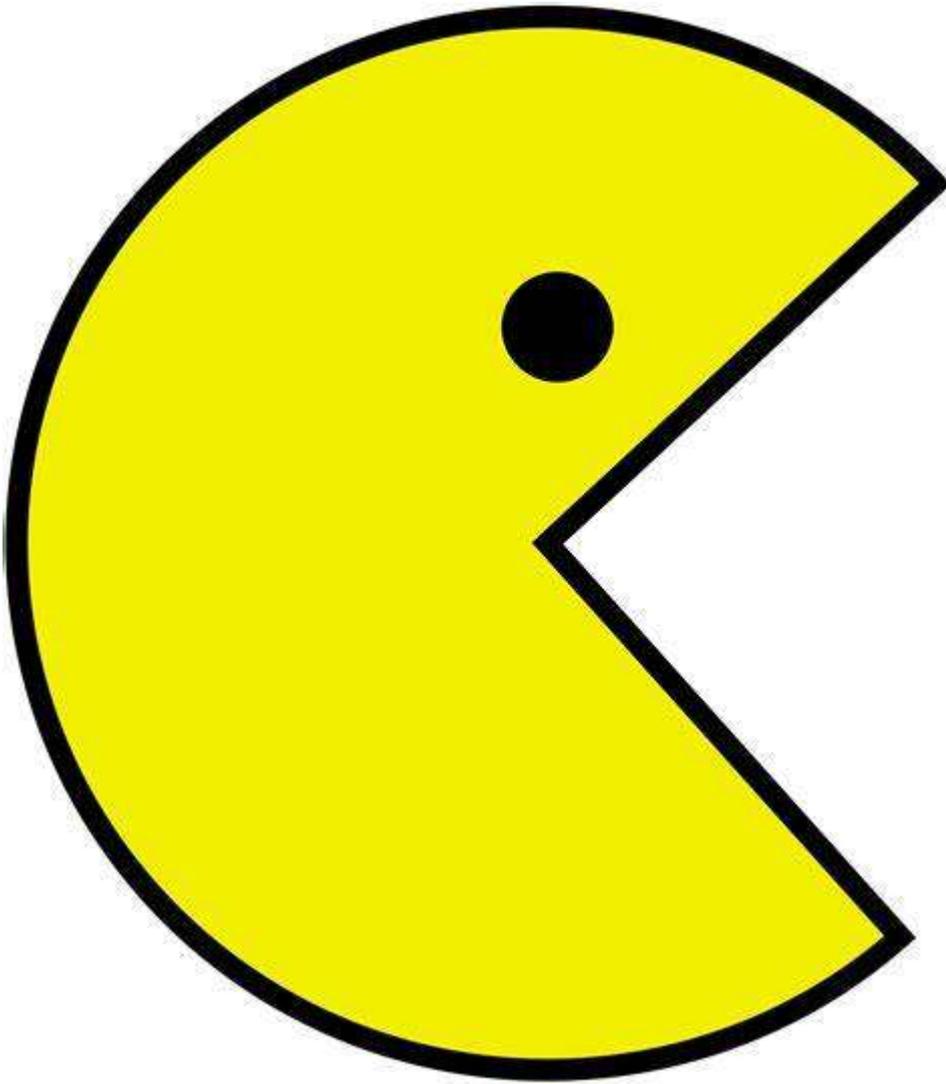

We would also like you to honour Mary this month by creating a small prayer area dedicated to her. Your prayer area may be outside, in a family room or in your bedroom, it is up to you! You may want to include:

- Rosary beads and try to pray the Rosary regularly
- A prayer to Mary
- A drawing, collage, picture or statue of Mary
- Something blue – the colour most associated with Mary.

This can be somewhere for you to pray and reflect – like our prayer area in class.

Maths – Angles in shapes

Do you remember at the start of Year 3 we looked at right angles using Pac-man? You may want to make a new one if you have lost the one you took home.

Activity 1: <https://app.mymaths.co.uk/1755-lesson/angles-1> Follow the lesson and then complete the set homework.

Activity 2: Using your Pac-man, can you find items in your home that have right angles? You could also make a right-angle measurer from a piece of paper by just using the corner.

Activity 3: <https://app.mymaths.co.uk/1752-lesson/angles-2> Follow the lesson and then complete the set homework.

Activity 4: Interactive game classifying acute angles, obtuse angles and right angles. How many can you get out of 17 in one minute?

<http://www.snappymaths.com/other/shapeandspace/angles/interactive/acuterightobtuse/acuterightobtuse.htm>

Spellings – Adding the prefix re-

Re-means again or for a second time. For example, adding re- to do, makes it redo, which means to do it again.

Recycle, rewrite, replace, reappear, replayed, reconnecting, renew, refreshing, reheat, redecorate.

Put each word into a sentence to ensure you understand its meaning.

Can you think of anymore?

English - Please go to <https://www.bbc.co.uk/bitesize>. On here you will find the English lessons for Year 3 for this week.

We would like you to look at Monday's lesson:

All the work is provided on the bitesize page.

Following on from that lesson, we would like you to recap similes and metaphors by working through the PowerPoint we will put on Dojo on Monday. Can you work out which sentences are similes or metaphors? At the end of the power point there is a task to write your own simile poem! Perhaps you would like to read or perform your poem in a video for the class too!

Then we would like you to look at

and work through the lessons.

We look forward to reading your poetry.

Reading – Continue reading every day.

Remember this free online reading resource. You can choose between fiction/non-fiction as well as selecting the correct colour bands that match what your child is reading. They also have teacher resources which you can use for ideas on what to do after reading the book. At the end of the book you can complete the comprehension questions and some even have games. There is a narrator for each book but if you want you can just mute the computer. Here is the link;

<https://connect.collins.co.uk/school/Portal.aspx>

Click on the teacher portal and then enter.

Password: Parents20!

PE – Lots of you have been doing lots of exercise and keeping fit at home with Joe Wicks, Just Dance, the 2.6 challenge, walks, cycles and more! Any way of keeping fit and healthy is great! So keep doing the safe activities that you enjoy!

If you want to do something a bit different, why not have a go at some of these gymnastics moves like forward rolls or cartwheels? You will need to make sure you have a space safe to do so and for some of the trickier activities you might need to ask an adult for help!

<https://www.bbc.co.uk/cbbc/watch/gymstars-guide-to-gymnastics>

Computing -

E-Safety

<https://www.thinkuknow.co.uk/globalassets/thinkuknow/documents/thinkuknow/parents/pdf/thinkuknow-8-10s-home-activity-sheet-4.pdf>

Touch typing

<https://www.bbc.co.uk/bitesize/topics/zf2f9j6/articles/z3c6tfr>

Dance Mat Typing is a great programme created to help children learn how to touch type. What level can you get up to?

Topic/Art: Greek theatre!

Look through the PowerPoint we will add to Dojo on Monday which is about the theatre in Ancient Greece, where you will learn about comedies and tragedies! When you have finished the PowerPoint, see if you can fill in the blanks to test how much you have remembered!

Ancient Greek Theatre

The Theatre

All Greek actors were _____. Dancers and singers, called the _____, performed on a flat area called the _____. The theatres had altars, for sacrifices to _____ the god of the theatre and wine.

Plays

Plays which were funny were called _____. Satire plays poked fun at real people and events. In ancient Greece, it was illegal to poke fun at the gods. Plays which were serious and which sometimes had a lesson about right and wrong were called _____.

Words to use:

Boys and men

Dionysus

comedies

Chorus

orchestra

tragedies

For art work this week, have a go at making your own Greek tragedy and comedy masks! All you need is paper! It can be tricky cutting shapes/holes in paper. You could try poking a sharp pencil through the paper to make a small hole before cutting out your shapes for the eyes and mouth.

Remember to only do what you can.

Best wishes

Mrs Duffy and Miss Sterlini
