Singing Together

Lyric Sheet

Today's the day we've been waiting for, today's the best day of the year.
Tonight's the night we've been dreaming of. I can't believe it's really here.

Can you touch the tension?
Can you feel the passion?
Can you see excitement in our eyes?
Can you catch the moment?
Remember it forever, as our spirits rise.

Singing together, joining our hearts and voices as one.
Feeling united, getting excited, the great day has come.
Music has power deep inside, bringing a feeling we can't hide,
spreading the message far and wide: Watch out, World!

We sing the songs of the present day, we sing the great tunes of the past.
As music's story lives through history, it's up to us to make it last.

Can you touch the tension?
Can you feel the passion?
Can you see excitement in our eyes?
Can you catch the moment?
Remember it forever, as our spirits rise?

Singing together, joining our hearts and voices as one.
Feeling united, getting excited, the great day has come.
Music has power deep inside, bringing a feeling we can't hide,
spreading the message far and wide, Watch out, World!
