

ST MONICA'S CATHOLIC PRIMARY SCHOOL

10th November 2020

Dear Parents,

The Curriculum maps for Years 1 to 6 can now be found on the website. Please click on the links below to see the overview for the relevant year group for your child/ren.

We have been doing a thorough overhaul of our curriculum and so these overviews are the first draft.

Thanks to a donation from The Friends committee we have bought Power Maths Scheme of Work for Maths and The Power of Reading Scheme of Work for English. This is our second year of using Power Maths and we feel it is working well. We started using The Power of Reading in September. It is based around a different text each half term which may be a story book, poetry or information text. We have tried where possible to match the book to the topics also being taught each half term.

There are some details missing and we are yet to complete "Art" in sufficient detail – that is our next project! Our aim is to work through the curriculum for this year and finalise it ready for September 2021. We will be ensuring that conservation themes as well as cultural diversity are weaved in where natural links can be made.

Teachers will send out the curriculum newsletters by the end of this week which will give you more information about this half term's work.
