

Dear Parents,

As most of you will know, we traditionally collect items to support the Parish soup run as part of our Harvest celebration, however in these unusual times we are not able to do that this year.

We are living in very strange and uncertain times at the moment and there are lots of people in our local community who are struggling financially. If you are parishioner at St Monica's Catholic Church, Stonard Road, Palmers Green, you will be aware that food is available to those in need, every Monday from the Large Hall. We would like to be able to support this vital service again this year and so will be collecting £1 (more if you would like to) from each child on the gate on the morning of **Friday 8th October**. We will then give this money to Fr Mehall to help to continue to provide food for those who need it. If you know of a family in need, please do make use of this service on Mondays at the Church.

We will also be coming together on that day to share some of the Harvest songs that the children have been learning with Ms Phillips this half term.

I look forward to your continued support,

Best wishes

Helen Tottle-Nugent
