

## Pupil premium strategy statement

This statement details our planned use of the school's pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

# Part A: Pupil premium strategy plan

## Statement of intent

At St Monica's, we expect all pupils to achieve their potential, regardless of background or starting point. However, there are a number of barriers which disadvantaged pupils might face through their time at St Monica's Primary School. These are barriers which can impact on pupils' attainment, progress and wellbeing, in comparison to their peers.

At St Monica's we recognise that educational attainment is the best predictor that we have of a young person's long-term outcomes. As a school, we monitor closely the attainment and progress of all our children. Our careful monitoring and tracking of all groups of pupils enables us to identify areas of need early and to put in place appropriate intervention to ensure that all children make good or better progress. Our key objective in using the Pupil Premium Grant is to diminish the differences between pupil groups and put in place the strategies that will help all pupils succeed.

High-quality first teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. Using the Pupil Premium to improve teaching quality benefits all students and has a particularly positive effect on children eligible for the Pupil Premium. The intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our strategy is also integral to wider school plans for education recovery, notably in its targeted support through the School-Led Tutoring Programme for pupils whose education has been worst affected, including non-disadvantaged pupils.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they are set
- act early to intervene at the point the need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Various schemas being used to teach phonics in EYFS and KS1
2	Drop in reading standards due to school closures
3	Drop in writing standards due to school closures
4	Drop in maths standards due to school closures
5	Insufficient opportunities to develop pupils' cultural capital
6	Enrichment opportunities

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>Ensure that the teaching of early reading and phonics is well matched.</p> <p>Implementation of RWI shows PP pupils achieving at least in line with, or above national progress measures in their Yr1 phonic check.</p>	<p>To show improvement on the 2020-2021 reading data which was as follows:-</p> <p>Year 1 37% (Below ARE) 63% (ARE + of which 29% GD) 29% (Greater Depth)</p> <p>Year 2 29%(Below ARE) 71% (ARE + of which 21% GD) 21% (Greater Depth)</p> <p>To show improvement on the 2020-2021 data (where 73% of children passed the YR2 Phonics check - November 2020) 82% is the National Average for YR1 (based on the 2019 statutory assessments)</p> <p>Termly RWI tracking in place to identify any need for intervention</p>

EYFS is at national average for GLD	41 children (out of 58) children are currently on track following their EYFS baseline. Aim for 80% to achieve GLD
<p>Improve standards in reading, writing and maths across the school.</p> <p>PP pupils achieve ARE and GD and make good progress in reading, writing and maths.</p>	Pupil data from the end of KS1 (x4 children) and KS2 SATs (x3 children) to show pupils have made good progress from their starting points. Aim for all children to achieve ARE unless identified as SEN
Improve cultural capital of all pupils	Through purchasing SLA with HEP, humanities curriculum is improved with greater range of vocabulary being used and understood by the children. Art curriculum is improved through following KAPOW curriculum.
All PP pupils are provided enrichment opportunities for their personal development.	<p>School Partnership Enrichment opportunities</p> <p>Activity leaders (PE, subjects leaders) are aware of the need to promote PP attendance at extra-curricular opportunities and clubs</p> <p>Prioritised places are available on trips for PP pupils to ensure fair access on external trips and enrichment activities in school</p> <p>Privately funded music lessons offered to all PP pupils</p>

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ *[insert amount]*

Activity	Evidence that supports this approach	Challenge number(s) addressed
School Led Tutoring  <b>£2600</b>	EEF +4 Small group tuition is defined as one teacher, trained teaching assistant or tutor working with two to five pupils together in a group. This arrangement enables the teaching to focus exclusively on a small number of learners, usually in a separate classroom or working area. Intensive tuition in small groups is often provided to support lower attaining learners or those who are falling behind, but it can also be used as a more general strategy to ensure effective progress, or to teach challenging topics or skills.	1,2,3,4,5
Catch up Interventions across the school  <b>£9000</b>	EEF Teaching assistant interventions +4 Teaching assistants (also known as TAs, classroom support assistants or teachers' aides) are adults who support teachers in the classroom. Teaching assistants' duties can vary widely, but they are generally deployed in two ways; to support the teacher in the general classroom environment, or to provide targeted interventions, which are often delivered out-of-class. The role can also include administrative support.	1,2,3,4,5
Music Tuition <b>£500.00</b>	EEF Arts Participation +3 Arts participation is defined as involvement in artistic and creative activities, such as dance, drama, music, painting, or sculpture. It can occur either as part of the curriculum or as extra-curricular activity.	6
Gross Motor skills Tiger Teams  <b>£500.00</b>	EEF Physical activity +1 Physical activity has important benefits in terms of health, wellbeing and physical development. These benefits have important value in themselves, however, this Toolkit entry focuses on the benefits of physical activity for core	1,2,3,4

	academic attainment particularly literacy and mathematics.	
Language and social skills LASS <b>£500.00</b>	EEF Oral Language Intervention +6 Oral language interventions (also known as oracy or speaking and listening interventions) refer to approaches that emphasise the importance of spoken language and verbal interaction in the classroom.	1,2,3,4,5
Social and Emotional skills Drawing and Talking <b>£4750.00</b>	EEF +4 Social and emotional learning (SEL) interventions seek to improve pupils' decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning,	6

### Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ *[insert amount]*

Activity	Evidence that supports this approach	Challenge number(s) addressed
Forest School Programme  <b>£140.00</b>	EEF Social and Emotional learning +4 Social and emotional learning (SEL) interventions seek to improve pupils' decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning.	2,3,4,5,6
Contribute to schools partnership enrichment programme  <b>£1000.00</b>	ELC – Excellence and learning community We are aware that some of our children need to be provided with enrichment opportunities such as healthy competition, debating, access to social skills and different life-skills.	6
