Dear Parents

We are approaching the end of this academic year and the first one that has not been affected by another “lock down”. The last few years have been difficult in many ways, grappling with the pandemic and everything that this involved.

We are gradually returning to “normal” school life and I am aware that the last few years have meant we have missed out on many things: regular school trips, parents’ information workshops, class assemblies with parents invited, Friends’ events such as the Fête/Bazaar/Quiz night to name just a few.

On behalf of the governors, I am now seeking your views about various aspects of school life.

The first few questions are taken from the Ofsted list which would be asked if we were going through an inspection. The final questions have been added so you can give your views about specific aspects we are interested in and would like your views on.

Please complete the survey by clicking the link. **The deadline for completing this questionnaire is Monday 4<sup>th</sup> July.** The results will then be collated and presented to the governors.

Thank you in advance for taking the time to complete this and for any constructive comments you may provide to improve the school. You will be sent a summary of the results and I will be working with Governors to include any improvement suggestions.

Kind regards
