

Around and  
around  
And around we go...  
When you get to  
the top we have a  
zero.

Number 1 is like a stick.  
A straight line down  
that's very quick.

Around then  
back on the  
railway track!  
Two, two!

Around a tree,  
Around a tree.  
That's the way  
to make a three.

Down and over,  
Down once more  
That's the way to  
make a four.

A straight line down,  
then around,  
Add a hat for disguise  
That's the way we make  
a five.

Make a curve.  
Then make a loop.  
These are no tricks  
to make a six!

Across the sky  
And down from  
heaven.  
That's the way to  
make a seven!

Make an S  
And do not  
wait.  
Go up to the  
skate and  
that's an eight!

A loop and  
a line,  
that makes  
a nine.
